

CARTER HARRISON ONCE MORE ELECTED MAYOR OF CHICAGO

**Four Time Democratic Repeater Again
Comes Back As Chief Executive of
the Great and Windy City.**

Special to the Bonanza.

CHICAGO, April 5.—Carter H. Harrison, four-time mayor of this city and son of his father, also a four-time mayor, was again elected today by a majority of 20,000 over Charles E. Merriam, the republican nominee. This makes the ninth term of office as mayor of Chicago for the Harrison family, four for the father and five for the son, all nine elections being carried by the democratic ticket.

The contest for the mayoralty has been one of the most exciting ever witnessed in this city, beginning with the primary election, at which nearly a dozen aspirants contended for the democratic and republican nominations. The candidates chosen were Charles E. Merriam, republican, and Carter H. Harrison, democrat. Mr. Merriam is a member of the city council and for a number of years has held the

professorship of political economy at the University of Chicago. He is generally regarded as the "reform" candidate for mayor and had the support of the various good government organizations. Carter H. Harrison, the democratic nominee, is a veteran politician. He is a son of the Carter H. Harrison who was assassinated in 1893 during the world's fair by the anarchist Pendergast, while serving his fourth term as mayor of the city. In his present candidacy Mr. Harrison met with bitter opposition on the part of the influential faction of the local democratic party, headed by Roger Sullivan, the Illinois representative on the democratic national committee. On the other hand, he received valuable support from William R. Hearst, who was seeking to even up an old score with Roger Sullivan by electing Mr. Harrison mayor.

SEEKING SAN GABRIEL AS THE "RIVER OF LIFE"

LONG BEACH, April 5.—This city is about to be invaded by a company of peace-loving but enthusiastic worshippers called the Revived Spiritualists, who have discovered, so they affirm, that in the vicinity of this city is a stream of water known to the early Spaniards of California as Santidad, meaning sacred stream, or literally translated "sacredness," which they intend consecrating and in whose waters they hope to find eternal life.

The party of twenty-six left Findlay, Ohio, and expect to arrive in Long Beach some time this week, when exercises will be held on the banks of the Santidad, or as it is known now, the San Gabriel river. These people are following the leadership of John W. Hurley of Findlay. Hurley, it is claimed, has announced to his followers that the faithful were to meet in battle with the unredeemed and that the battle was to be to the death; that by bathing in the waters of the stream, the source of which has been revealed to himself alone, they would conquer their opponents and have everlasting life.

It is the intention of the followers of Hurley to make a pilgrimage to Jerusalem, after having dipped in the sacred stream. From a resident of this city who has kept in touch with the movement it was learned that the membership is made up almost wholly of residents of Findlay and that the creed preached by the leaders closely resembles that of the "Holy Rollers," so prominent a few years ago.

The money for the pilgrimage, which is to be made in a specially chartered car over the Salt Lake route, has been provided by the members of the cult, who have shown self-sacrifice in their efforts to raise the necessary funds by disposing of their holdings of personal and real property at a loss.

R. F. BUSH TO SUCCEED GOULD AS PRESIDENT

NEW YORK, April 5.—B. F. Bush, president of the Western Maryland railway, has been selected to succeed General J. Gould as president of the Missouri Pacific, according to information which reached this point yesterday. It is expected a meeting of directors will be held in New York this week. The selection of Mr. Bush as president involves the rumor that a salary as high as \$100,000 a year is to be paid him.

Mr. Bush was connected with the Gould railroad and coal interests in the west prior to his acceptance of the presidency of the Western Maryland in 1907.

INVASION BY JAPANESE FEARED IN ANTIPODES

VICTORIA, B. C., April 5.—Fears of invasion by the Japanese are maintained by the newspapers of the antipodes, according to advices received yesterday by the Makura. W. J. Watrams, king of the Loyalty Islands, has addressed petitions both to Great Britain and French officials, asking that a protectorate be declared over the islands to prevent them being secured by the Japanese. The king writes that Japanese are crowding into New Caledonia and have installed a wireless station in the Loyalty Islands. He says he fears the Japanese are preparing a base that could be used for an attack on Australia.

BANDIT SHOTS DOWN DENVER BARTENDER

DENVER, Colo., April 4.—A lone highwayman shot and fatally wounded Fred J. Mellow, a bartender, late last night, as Mellow was counting the day's receipts from the cash register. Mellow was alone in the bar at the time. After he had been shot, Mellow ran to the Union station a block away, where he fell dead before he could give details of the shooting. The highway man escaped through the railroad freight yards, leaving a trail of silver, hastily snatched from the register, behind him.

JOE FOLK SPEAKS IN SAN FRANCISCO

SAN FRANCISCO, April 5.—Former Governor Joseph W. Folk of Missouri, who arrived in San Francisco yesterday from Los Angeles, spoke here on the initiative and referendum and the recall and the commission form of government, all of which measures he favored. In an interview he expressed regret over the election of J. Stitt Wilson as mayor of Berkeley, and declared that while he believed the socialists sought to attain a high ideal, they were mistaken in their methods.

BUTTE CITY ELECTION IS WON BY SOCIALISTS

**MAYOR, POLICE JUDGES AND
FIVE ALDERMEN SELECTED
FROM ONE PARTY.**

BUTTE, Mont., April 5.—In the city election, the socialists swept the field, electing the mayor, city treasurer, police judges and five out of the nine aldermen. This upset is considered a rebuke to democratic administrations, both past and present, following an expose of alleged shortages as disclosed during the recent ten years in an audit of financial affairs of the city of Butte.

The socialists of Walkerville, a suburb of Butte, elected two of three aldermen. Rev. R. L. Duncan, Unitarian minister, was elected mayor over John J. Quinn, democrat, by a plurality of 1834, the biggest ever given a mayor here. The vote was: Duncan, 4269; Quinn, 2435; Elderkin, republican, 1293; H. L. Allen, independent, 962.

Thomas J. Boorher, who attracted national attention before the Western Federation of Miners in Denver two years ago by his remarks on the American flag, is elected presiding judge and Daniel Shovlin is the city treasurer.

7500 MINERS ARE NOW IDLE IN BRITISH COLUMBIA

**NO STRIKE CALLED BUT MINERS
QUIT WORK PENDING RE-
NEWAL OF AGREEMENT.**

FERNIE, B. C., April 5.—From end to end of the great Crows Nest Pass coal district; from Fernie, B. C., on the west to Taber, Alberta, on the east, a distance of 170 miles as the railroad goes—not a pick is being thrust into the workings of a single one of the sixteen producing mines. In this territory until Friday 7500 men were taking out 12,000 tons of coal daily.

Not a miner will admit that a strike has been ordered. With the miners it is merely a "cessation of work" on the ground that their agreements with the operators have expired and have not been renewed. The controversy involves wages principally.

A strike would mean that the miners had bid defiance to the Lemieux industrial disputes investigation act. This act, which applies to mines, requires the submission of the subject in dispute to a board of conciliation and investigation before such a drastic step as striking may be taken.

So far as the coal production of the British Columbia and of the Crows Nest field is concerned, the output is principally by the Great Northern Railroad company and is used on its line south of the boundary. James J. Hill, chairman of the board of directors of the Great Northern, is reputed to control, with all Canadian interests, the operation of the Crows Nest Pass Coal company, operating the Coal Creek and Michel mines and coke ovens. Consequently the Great Northern is the largest consumer of this company's coal and the Granby smelter, another Hill interest, receives its coke from Fernie and Michel ovens.

It is learned from a source whose authority cannot be questioned that the Crows Nest Pass Coal company after next July will not be able to market any of its output on the western division of the Great Northern, intimations having been received from the company that by July the engines on the division mentioned will all be equipped with oil-burning apparatus. This will mean, it is declared, that the company will have to dispose of a large portion of its output in some other market.

Those who are aware of this phase of the situation state that it may in great measure be responsible for the equanimity with which officials of the company appear to display in the face of the strike.

O'CONNELL FUNERAL IS IMPRESSIVE CEREMONY

**The Entire City Pays Homage to a Be-
loved Friend and Citizen Who Has
Passed to the Great Beyond---The
Heavens Shed Tears.**

Even the heavens joined the family of the late Timothy O'Connell, his many friends and the citizens of Tonopah in weeping over the loss of a most highly respected citizen and good father and husband. When the funeral procession started from the little Catholic church the sky was overclouded, the elements having dropped tears earlier in the day. In the lead of the funeral procession was the entire outfit of county officials in a body, showing respect to their departed member.

Besides the members of the O'Connell family, friends beyond number were in line and followed the sad procession to the last resting place of a departed "brother." The schools, through the board of trustees, Messrs. Erickson, Douglass and Booth, closed down at noon. The county offices closed at

noon and also many of the business houses closed out of respect to the dead county commissioner. The pallbearers were Roger Stensen, J. F. Swivel, Will Collins, T. H. Griffin, Ralph Wardle and Frank Sellstrom.

High requiem mass was said in the Catholic church over the remains at 10 o'clock this morning, many friends being present during the impressive ceremony. At the funeral services at 2 p. m. the little church was crowded with the host of friends of the dead man who sympathized with the family. Deep was the grief shown throughout the entire city for the loss of a dearly beloved friend and citizen. The floral decorations were many and profuse, the entire city showing homage to the late Commissioner O'Connell.

INDIGNATION STRONG OVER FIRE DISASTER

NEW YORK, April 5.—Protest against conditions which made possible the recent Washington place fire disaster assumed yesterday the proportions of one of the largest indignation meetings ever held in New York.

A throng that filled the Metropolitan opera house applauded strictures upon laxity in civic duty, and when it reached the point of resolutions, the great gathering generously put the blame upon the "whole community."

The speakers included many well known men. Jacob H. Schiff, treasurer of the Red Cross fund, announced that he had received more than \$70,000 to relieve the relatives of the 144 victims of the fire.

The resolutions adopted call upon the city to exercise immediately all the powers under the building code.

CAR BANDIT BARRON IS SAID TO BE ARRESTED

LOS ANGELES, April 5.—According to information received yesterday at the sheriff's office, Sam Barron, the fugitive street car bandit, who in company with Roy Fox, recently sentenced to life imprisonment, held up and robbed passengers of a Venice short line car several weeks ago, is under arrest at Dillon, Montana.

The officials believe the arrested man is Barron, as he was captured near where a sister, Mrs. C. Henderson, resides. The man under arrest at Dillon gives the name of Jack Barron.

The telegraphic description received by Sheriff Hammel from the authorities at Dillon tallies exactly with the official description of the bandit.

Sheriff Hammel will not send an officer after him until a picture of the suspect is received here.

CHARLES G. GATES IS SUED FOR DIVORCE

NEW YORK, April 5.—It became known yesterday that a suit for divorce has been begun by Mrs. Mary W. Gates against Charles G. Gates, son of John W. Gates. The suit is being brought in this state. The fact that it has been brought was confirmed by Melville D. Martin, brother of Mrs. Gates. Martin said the papers had been served on Gates about three weeks ago, but that Gates had not yet put in his answer.

Mr. and Mrs. Gates were married thirteen years ago in St. Louis. They have no children.

There is absolutely no one ground on which a divorce can be secured in this state, and that is for a statutory offense.
